Mistakes to work on

galtiyan

numerator aur denominator dono add kar diye ×1

put right later · in 3/4 + 1/6

question galat utaara ×1

not put right yet · in 2/5 + 1/3

Strong at *shabaash*

✓ Linear equations · 1 first try

For the teacher

✦ AI SUMMARY

Written by Gemini Flash from the facts on this page only. Answers to the practice questions are worked out by Master G's maths checker, not the AI.

Where the child is lacking

This was a short session. The child made two mistakes in adding or subtracting fractions: once by adding both numerators and denominators, and once by copying the question incorrectly.

Practise next

Practise adding and subtracting fractions with different denominators and ensure correct question transcription.

For the next worksheet

1. **1/2 + 1/3**
   adding fractions
   Answer: 5/6

2. **3/5 + 1/4**
   adding fractions
   Answer: 17/20

3. **2/3 - 1/4**
   subtracting fractions
   Answer: 5/12

Model: gemini-3.5-flash-lite

Every question *sawaal by sawaal*

Each line is what Masterji read on the notebook, with his mark: ✓ right, ✗ mistake, ? couldn't check.

1 ADDING / SUBTRACTING FRACTIONS

3/4 + 1/6

FIXED IT

✗ 3/4 + 1/6 = 4/10

↳ numerator aur denominator dono add kar diye

✓ 9/12 + 2/12

✓ = 11/12

⏱ 30 s | Hint 1/4 · pointed at the step

2 LINEAR EQUATIONS

3x + 5 = 20

FIRST TRY

✓ 3x = 15

✓ x = 5

⏱ 18 s

3 ADDING / SUBTRACTING FRACTIONS

2/5 + 1/3

NOT FINISHED

✗ 3/8

↳ question galat utaara

⏱ 7 s | Hint 1/4 · pointed at the step

Aarav's report is made from the session itself: every step, mark and count above happened. Only the yellow note is written by AI.
